|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |          |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| Please provide the following information on the project:                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |          |
| • Estimated cost of the working <u>prototype</u>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 0 SGD    |
| • Estimated timeframe for implementation from successful prototyping                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 6 Months |
| <p>Please provide a brief description of the project focusing on:</p> <ul style="list-style-type: none"> <li>• What problem the system is trying to solve</li> <li>• Who the beneficiaries are</li> <li>• How the system works<br/>(Highlight the technical aspects involved, for example, the platform the system is built on, software used, etc.)</li> <li>• If this is a collaboration project with a company, which part the students are involved in creating</li> </ul> <p>Please attach a separate sheet for your description. The write-up should be no more than 2 pages (2 sides of 1 A4 paper). You may also include separately from the write-up, no more than 3 coloured pictures of the prototype, user-interface, etc. to support your description.</p> |          |

\*1 concept idea originally came from the internship company, i2R. The team worked on it and evolved it to I<sup>3</sup>MS.
